

Don't miss your chance to attend the 5th International Fuel Cell Bus Workshop

Submit your free registration today!

May 29 - 30, 2008 in Reykjavik, Iceland

The Electric Drive Transportation Association (EDTA), the U.S. Department of Transportation's Federal Transit Administration, Directorate-General for Energy and Transport, and the International Partnership for the Hydrogen Economy, is conducting the Fifth International Fuel Cell Bus Workshop in Reykjavik, Iceland at the Park Inn Island Hotel from May 29 - 30, 2008. To continue the success of the previous workshops, the event will feature posters of fuel cell bus demonstration projects from around the world in addition to roundtable discussions that will allow attendees to discuss critical industry issues.

If you can imagine Iceland having a hot spot, [Reykjavik](#) is definitely it. The city of more than 100,000 people (in a nation of about 269,000) is Iceland's chief port, the center of its cod-fishing industry and its capital. Located in southwest Iceland, Reykjavik is the northernmost metropolis in the world.

Call For Posters:

Posters are now being accepted.

If you are interested in presenting a poster, please email ljohnson@electricdrive.org to request more information.

This workshop will feature:

Event Overview

The workshop is Thursday, May 29 from 10:00 am - 6:00pm. Sessions will continue on Friday, May 30 starting at 8:00am. In addition to an overview of ongoing fuel cell bus demonstrations, you will hear presentations about the status of fuel cell bus data collection, and a report on new international fuel cell bus initiatives. Attendees will have the opportunity to address challenges and propose solutions for the fuel cell bus industry.

Posters

Fuel cell bus demonstration projects from around the world will be featured throughout the

workshop and representatives will be on hand to answer your questions.

Networking Reception

Join us on Thursday, May 29 at 6:00pm for a reception to meet your fellow attendees and meet with poster presenters.

Hydrogen Tour

A tour of a Hydrogen fueling station is being planned for May 28 or May 30. More details to follow.
