

25-26 OCTOBER IN MALMÖ

HYDROGEN AND FUEL CELLS IN THE NORDIC COUNTRIES 2011

Welcome to Malmö for the 4th conference on Hydrogen and Fuel Cells in the Nordic context. Experts, researchers, entrepreneurs, industry and energy interest groups meet 25-26 October 2011 to network and give insight to progress in the field.

CONFERENCE FOCUS

The program committee is currently working through interesting submissions in order to present a packed conference program. Examples of topics: Advancements in the fuel cell market spheres and niches, policy and demonstrations. News on the program will be published on www.hfcnordic.se continuously.

“Fuel cell related technologies are part of the future scenario at Energinet.dk”

Among other relevant presentations, Kim Behnke, head of Environment, research and development at Energinet.dk, will show their ambitious future plans, including smart grids and renewable energy management.

REGISTRATION

The registration fees include full participation, lunches and one conference dinner sponsored by the city of Malmö. Do not miss the **early bird registration fee available until 20th September**, 3000 SEK (VAT included). The standard fee is 3750 SEK. Students have a reduced fee.

For those of you who want to book your trip, the conference will start with registration and coffee at 9.30 on Tuesday 25 October and the first session begins at 11.00. The seminars end at 14.45 on Wednesday 26th.

For more information, please visit the conference web pages: www.hfcnordic.se which will be updated regularly as we get closer to the conference.

HYUNDAI IX35

We are proud to offer you a test drive of the Hyundai ix35 - a car from the latest generation of electrical fuel cell vehicles!

The collaboration between the Nordic countries makes the region attractive as a test area for FCEVs.
